1. Preamble

This document defines the procedures used by Freestyle Canada to:

- Select athletes to the 2021 – 2022 National Mogul Team (Groups A & B)
- Select athletes to the 2021 – 2022 National NextGen Mogul Team
- Allocate spots to Canadian athletes for the 2020-2021 FIS Mogul World Cup competitions

2020 – 2021 COVID Precision

Freestyle Canada realizes that the 2020-2021 season will be a challenge due to the uncertainty and restrictions caused by COVID. The information provided in this document will form the framework for decision making however, the Selection Committee will have the flexibility to adjust criteria in the event that published decision processes are not possible based on the current situations.

Should there be an inadequate number of competitive opportunities ahead of select WC opportunities due to COVID restrictions, the HPP Selection Committee will look to create specific competitive opportunities for selection purposes.

In the event that modifications are needed, affected parties will be notified as early as possible.

2. Freestyle Canada's High Performance Program Goal

To develop athletes in a safe and ethical manner, who win medals at both the Olympic Winter Games and FIS World Championships.

Freestyle Canada's high-performance staff will support, prepare and assist identified athletes in achieving their goals through a variety of mechanisms including:

- Gap Analysis which will identify each athlete's strengths and areas of improvement to prescribe appropriate technical, physical and mental training programs
- Gaining competitive experience on the International stage where they can hone their tactical and psychological skills

Athletes identified as National Team A & B Group have shown evidence they are on track to win a medal at a major event within four years

Athletes identified in the NextGen Group have shown evidence they are on track to win a medal at a major event within eight years

3. Definitions and Roles

Title	Acronym	Role
Freestyle Canada	FC	Governing body for Freestyle skiing in Canada
Chief Executive Officer	CEO	Top staff member of Freestyle Canada; answerable to the Board of Directors
Gold Medal Profile	GMP	Identified skills for skiers at various levels of the LTAD
High Performance Program	HPP	Performance stream within Freestyle Canada
High Performance Director	HPD	Leader of the HPP
High Performance Athlete Development	HPAD	Identified process for developing athletes
Integrated Support Team	IST	Variable group of professional medical, paramedical and applied research individuals usually brought together for a specific activity; aimed at enhancing athlete performance
International Ski Federation	FIS	Governing body for Freestyle skiing internationally
Long-Term Athlete Development	LTAD	Pathway for development of freestyle skiers from grass roots through sport for life
FIS World Cup	WC	Top FIS competition series
FIS NorAm	NorAm	Continental FIS competition series in North America
NextGen	NG	Athletes showing evidence of medal potential for the subsequent Olympic Winter Games (up to 7 years ahead)
NextGen B	NGb	Athletes put on OTP's radar to watch for the future
Own the Podium	OTP	Technical agency who makes recommendations to Sport Canada on the funding for all Canadian sports.
Sport Science Sport Medicine	SSSM	Category of performance services for medical, paramedical and applied research aimed at enhancing athlete performance

4. National Team Structure

The National Mogul Team is composed of (up to) three groups of skiers:

- The “A” group athletes who receive priority entry into WC events and the highest level of Freestyle Canada funding support
 - The “B” group athletes who receive the next priority entry into WC events and enhanced Freestyle Canada funding over NextGen athletes
- AND**
- The “NextGen” group of athletes for athlete development, tiering and funding purposes.

The selection committee will determine the National team size and each of its groups' sizes. *Team sizes may change depending on the year of the quadrennial, depth of the athlete pool as well as budget and funding considerations.*

- All team selections are for a one-year period only;
- The national team will be named by May 15th, 2021 (each year by May 15th);
- FC will strive to maintain gender equity;
- Athletes will be selected to compete in both single mogul and dual mogul events.

5. Selection Authority and Process

The selection of athletes to participate in the Freestyle Canada's HPP is the responsibility of the CEO, acting on the recommendations of the HPP Mogul Selection Committee (the "Selection Committee").

5.1 HPP Mogul Selection Committee

Under the authority of the CEO, the Selection Committee is responsible for all team selections and the allocation of competitive opportunities. Team selection and FIS World Cup spot allocation details are as described in this document; selection for major events will be published in separate document aligned with each event's specific timelines and selection requirements.

The Selection Committee shall, as its regular business:

- Select athletes to be offered positions on the National Team and within team groups (i.e. A, B and NextGen);
- Allocate HPP athletes with competitive opportunities for targeted FIS events;

The Selection Committee will consist of:

- Three voting members:
 - National Team Head Coach
 - NextGen Head Coach
 - High Performance Director (Chair – tie breaking vote)
- Non-voting members:
 - Other national mogul program coaches
 - Sport Science Sport Medicine Director
 - High Performance Athlete Development Manager
 - CEO

When relevant, the Selection Committee will seek input from content experts, such as the HPP Manager, mental training consultants, strength and conditioning trainers, medical team members or others.

Meetings of the Selection Committee:

- The HPD will chair meetings.
- Meetings may be held either:
 - Live:
 - i. in person,
 - ii. using technology (such as phone, web conference, etc.)
 - Non-live: using electronic means such as e-mail to share information and poll on positions.
- For live meetings: in the event one of the three voting members is not available,

the Freestyle Canada CEO will appoint an equivalent replacement for that meeting.

- The committee will usually make decisions by consensus however, if a vote is necessary it will be by majority.
- Selection committee members shall abstain from voting on matters that directly affect members of their immediate families.
- Meetings of the selection committee shall be open to members of the committee and invited guests only.

Documentation/Communication from Meetings of the Selection Committee:

- Notes from the meeting will be kept by HP staff and distributed to members of the selection committee.
- A summary of the decisions of the selection committee meetings shall be made available to interested parties on request; provincial program leads will be notified of their availability.
- HPP staff will notify selected athletes in writing of the decisions of the meeting.

5.2 Selection Process

Team selections are for one calendar season (May through the following April). The 2021 – 2022 National Mogul Team qualification period runs from December 1st 2020 through April 30th 2021, inclusively.

Within 30 days of the completion of the last ranking eligible competition of the season (usually the Senior Canadian Championships):

- The selection committee reviews the initial HPP Mogul Ranking list and determines if there are any special ranking considerations or mistakes in the data entry. Corrections will not be made after May 15th for that selection period (see Appendix #1)
- Eligible athletes are identified and ranked for nominations.
- Athletes who would qualify for Exceptional Circumstances (i.e. injury, etc.) are identified and ranked appropriately.
- The National Team is identified and nominated in the following order:
 - a. The A group, then
 - b. The B group, then
 - c. The Nextgen group
- The selection committee will identify any athletes who should be identified as NextGen B athletes. These athletes are identified for the purposes of tracking for OTP and are not part of the HPP.
- Nominated athlete will be officially notified, having a period of 10 days to accept or declined selection.

5.3 HPP Mogul Rankings

The HPP Mogul Ranking criteria is explained in detail in Appendix 1. The High Performance Director and the High Performance Program Manager coordinate all HPP Mogul Rankings

and calculations related to the selection of HPP teams. These rankings are presented to the selection committee for their input and consideration. Coaches also report on each athlete's skill level and overall progression and commitment over the season.

- For an athlete to be ranked, they must normally have competed in at least three different FC eligible competitions during the current season.
- Athletes' results are used from the selection period outline in Section 5.2.

5.4 Major Games Selection Considerations

During an Olympic Winter Games or FIS World Championship qualification period, athletes who have a reasonable chance of selection to that event may be given priority in the allocation of WC opportunities. Major Games selection criteria will be developed in a separate policy and posted on the Freestyle Canada website.

5.5 Score Anomalies

In some circumstances, there are three to four competitive, qualifying events on the same course within a short period of time, often with the same panel of judges. Circumstances such as these can skew rankings (positively or negatively). Scenarios such as these will be reviewed by the Selection Committee and may warrant out of order selections.

6. Eligibility

To be eligible for selection to the 2021-2022 National Mogul Team program, an athlete needs to meet both general and performance eligibility criteria.

6.1 General Eligibility

- An athlete must be a Freestyle Canada member in good standing;
- Have a valid Canadian passport;
- Meet the FIS age requirement to compete at FIS World Cup level events for 2021-2022.

6.2 Performance Eligibility

OTP provides two restricted funding envelopes of program support to Freestyle Canada:

1. Enhanced Excellence: To support athletes who have shown evidence they are on track to medal at the upcoming Olympic Winter Games and
2. NextGen: For the program that supports athletes who are showing evidence they are on track to medal at the subsequent Olympic Winter Games.

To be eligible for selection to the National Mogul Team, athletes are ranked on recent historical performances; these results will be used to formulate the HPP Mogul rankings. Athletes are selected to the A and B groups based on their individual mogul results;

NextGen athletes are selected based on the ranking results. The following criteria outlines the performance requirements for each level:

6.2 a National Mogul Team - A Group (LTAD stage: Train to Win)

Athletes will be selected to this group based on meeting one of the following performance benchmarks:

- 1 world cup podium in a single mogul WC during the 2020-2021 (excludes dual mogul WCs)
- OR**
- 2 Top 5 results in single mogul WCs during the 2020-2021 season (excludes dual mogul WCs)

6.2 b National Mogul Team - B Group (LTAD stage: Learn to Win)

Athletes who are ranked in the top five by gender (including A Group athletes) in the Final 2020-2021 HPP Mogul Ranking will be considered for selection to this group based on meeting the following:

Men¹:

- Two top 10 placings, both within the top 2/3 of the field at 2020-2021 FIS World Cup events. Only one of the two results can come from a dual mogul event.

Women:

- Two top eight placings, both within the top 2/3 of the field at 2020-2021 FIS World Cup events. Only one of the two results can come from a dual mogul event.

**The selection committee may add athletes as discretionary spots (See: Section 11 – Special Ranking Consideration).*

6.2 c National Mogul Team - NextGen Group (LTAD stage: Train to Compete & Learn to Win)

The NextGen team size will be determined after the A & B groups of athletes are selected. The selection committee will select athletes to this group by based on the 2020-2021 HPP Mogul Rankings.

- The selection committee may select athletes out of ranking order base on skills and/or injury status.
 - Skill assessment can occur throughout the season by any of our national program coaches or during the spring HPP training camp.
 - Skills will be assessed based on the framework outlined in Freestyle Canada's Gold Medal Profiles.
- The selection committee may decide to reduce the team size at the point where a large drop in points occurs between athletes on the ranking list.

6.2 d Probation

Selections of new athletes or promotion in the level of the team are considered provisional until the completion of the first training camp at which time the athlete's performance and compliance will be reviewed to make sure they are a fit with the team.

¹ Requirements are aligned to the Sport Canada AAP Senior Card criteria and consistent with the criteria for consideration from Own the Podium.

7. Competitive Opportunities

FIS provides competitive opportunities to Freestyle Canada which in turn is able to enter athletes into competitions sanctioned by them.

- Freestyle Canada is not required to fill all FIS World Cup (or FIS World Championship) quota spots.
- World Cup opportunities will be prioritized for National A & B group athletes and then NextGen group athletes, as determined by the Selection Committee based on current team ranking or special considerations.

7.1 World Cup Spot Selection Process

World Cup opportunities will be offered as determined by the selection committee. The HPP Mogul Rankings are used to allocate FIS World Cup spots.

The competition season is broken onto "blocks" of competitive opportunities. These blocks are established based on:

- The FIS calendar confirmed in the fall of each year;
- Having a logical number of events to update rankings;
- Travel logistics.

7.2 Quotas

To start in a WC, an athlete must normally be a member of the High Performance Program (except for personal spots directly earned through FIS rules; i.e. NorAm Grand Prix Champion from the previous season).

For the 2020-2021 season, Canada has earned six men's and six women's FIS WC Mogul quota spots however there is a maximum team size of ten athletes. In addition, Mikaël Kingsbury and Elliot Vaillancourt have both earned their own (personal) spots for the entire season; Mikael based on winning the 2019-2020 FIS WC Grand prix and Elliot based on winning the 2019-2020 FIS NorAm Tour Grand Prix: personal spots are not included in the nation's maximum team size.

- FC is not required to fill all FIS World Cup and FIS World Championship quota spots.
- Spots are contingent on athlete health and performance readiness.
- Gender split may fluctuate based on points gaps, results and development stages.
- A group athletes have their spots confirmed through the end of the North

- American WCs; the first two blocks.
- B group athletes have their spots confirmed through the end of the 2020 calendar year and the Canadian hosted WCs.

7.3 Timelines of 2020 – 2021 FIS World Cup Spot Allocations

There are four identified WC selection/qualification dates for the 2020 - 2021 season. All selections are to be done on or before the identified Selection Date:

Block	Selection Date	Block	Scheduled Starts	Event Dates
1	October 31, 2020	Pre-Christmas	TBD	Dec 2020
2	December 22, 2020	North America ¹	TBD	Jan - Feb 2021
3	Concurrent with the selection of the athletes for World Championships	Pre-World Championships ²	TBD	TBD
3	February 9, 2020	Post World Championships ²	TBD	Feb – Mar 2021
4	N/A – by Qualification	WC Finals	2 ³	Mar 2021

Selection of an athlete into a WC spot may be done at any time within the season on the request and discretion of the HPD or the selection committee, with validating evidence. These prioritized selections are more likely to happen if any of the following are true:

- An athlete is showing excellent continental cup level results;
- A “rising star” demonstrates potential for Olympics or FIS World Championship medal performance;
- The athlete who would be moving up is replacing an athlete who has had several recent WC opportunities without top 12 rankings.

7.3a Block 1: Pre-Christmas

Pre-Christmas WC spots will be assigned based on the previous year’s final HPP Mogul Rankings and an evaluation of the off-season progression by the selection committee.

7.3 b Block 2: North America (TBD) plus Canadian Host Nation spots

WC Quota Spots:

North American WC spots will be assigned to NextGen skiers based on the current year’s HPP Mogul Rankings (three best scores and three best placing values) and an evaluation of the off-season progression by the selection committee.

- For purposes of this selection, the selection period will recognize results obtained between December 1, 2019 and December 20, 2020.

¹ Includes “Host Nation” Spots

² Contingent on Canadian participation in the events

³ Each athlete must qualify for WC Finals – determined by the FIS

- If an athlete was approved to apply the Exceptional Circumstance clause in the 2019-2020 season, the selection committee could select an athlete out of order. FC will need medical staff clearance confirming the athlete is healthy to return to competition in order to proceed.
- Genders split may fluctuate, based on point gaps, results and developmental stage in the athlete pools.

7.3 b.1 Canadian World Cup Host Nation Spots:

Athletes eligible for Canadian World Cup Host Nation Spots (up to three per gender) will be ranked based on the current year's HPP Mogul Ranking (described in Block 2, above).

- Athletes will be eligible for selection based on their HPP Mogul Ranking however, the Selection Committee will take into account HPP Mogul Ranking, each athlete's development need, geographic factors, training camp performance and other factors when assigning.
- This selection is for competitive opportunities at the Canadian hosted FIS World Cups (subject to schedule changes by the FIS).
- Freestyle Canada may identify alternate athletes in the event a selected athlete is unable to participate in one or more events. The selection will be based on the process described in Block 2.

7.3 b.2 Canadian World Cup Forerunning Opportunities:

As an event host, FIS provides the opportunity for athletes to forerun the event. It is expected that any athlete who is selected to forerun will be competitive and competent.

- The Selection Committee will generally use the current year HPP Mogul Ranking to prioritize the available forerunning opportunities (up to four per gender)
- The Selection Committee will take into account not only the HPP Mogul Ranking but also each athlete's development need and geographic factors.
- NextGen team members will usually be considered first; should additional forerunner spots be available, the athletes from the province hosting the World Cup will be next offered the opportunity in the order they appear on the HPP Mogul Ranking list.
- Limited HPP coaching support may be offered to forerunners

7.3 c Block 3: Pre-World Championships Block

The 2020-2021 WC schedule continues to change. Should a WC event be held between the North American block and the World Championships, those athletes selected for World Championships will be automatically selected for this event.

7.4 d Block 4: Post-World Championships Block

Post-World Championships WC spots will be assigned to HPP Moguls skiers based on the current year's HPP mogul rankings (three best scores and three best placing values).

- For purposes of this selection, the selection period will recognize results obtained between December 1, 2020 and February 7, 2021.

- The selection committee reserves the right to select A or B group athletes out of order for selection Block 3 and 4, who have reached WC podium in the past.
- In addition, the selection committee could prioritize athletes who were identified using the Exceptional Circumstance clause” in the 2019 – 2020 season and/or who missed competitions in December 2020 / January 2021 due to their return from an injury.
- Freestyle Canada may identify alternate athletes in the event a selected athlete is unable to participate in one or more events. The selection will be based on the process described in Block 4.
- If any of the number of WC starts change (i.e. event cancellation, event addition, event delay, etc.) the selection committee reserves the right to modify the selections.
- Gender split may fluctuate based on point gaps, results and development stage of the pool of athletes.

7.3e Block 5 – World Cup Finals –

Athletes must qualify to the WC Finals through results on WC or as either NorAm Champion or FIS Junior World Champion.

7.3 f Alternates Athletes

Alternate athletes may be identified for each block in the event that a previously selected athlete is unable to participate. Alternate athletes will not travel with the team and will only be offered the opportunity to be entered into the event that there is sufficient time to travel and safely train (i.e. if an athlete is injured in WC1, an alternate could be provided the opportunity to compete in WC2).

8. Exceptional Circumstances

An athlete who is progressing in their career but has a setback due to an injury, a death in the family or similar life experience could be afforded additional flexibility when it comes to HPP Mogul Rankings, WC spot allocation and other Freestyle Canada decisions; these situations are referred to as “Exceptional Circumstances”.

Based on a potential of seven competitive starts:

If during the 2020 – 2021 season, an athlete has missed the following number of starts due to Exceptional Circumstances:	Then the athlete may use up to the following from the 2019 – 2020 season:
Entire season (fewer than 8 starts)	Selection period will be extended backwards to a maximum of one season ⁶
5 or more starts	Up to 3 scores and 3 placing values

3 or 4 starts	Up to 2 scores and 2 placing values
1 or 1 starts	Up to 1 score and 1 placing value

⁶The most recent events will be counted until a total of 8 results are available (example: Canadian Championships will be the first replacement event if they were the last event of the season).

1. Only athletes who are members of the HPP program are eligible to use the “Exceptional Circumstances” clause. Provincial athletes who have suffered injury may be brought into the HPP through the mechanism of an “out of order” selection should sufficient evidence be available to justify.
2. The selection committee has the discretion to use the Exceptional Circumstance clause for special cases. This is more likely for athletes with a significant body of recent WC results (medals, top 6, or top 16 at major games). This may include expanding the backwards extension of the selection period, or other adjustments to meet the special case.
3. Any injury must be evaluated and validated by a FC medical staff member. The purpose of the medical assessment is to confirm the degree of the athlete's injury and the anticipated time of the athlete's recovery.
4. The selection committee, with input from medical experts, may prevent an athlete from entering an event if the pace of the athlete’s rehabilitation from injury warrants doing so.
5. An athlete, not capable of competing in the National Championships due to injury or other Exceptional Circumstances, must request permission, in writing from the HPD; the HPD may require medical documentation.
6. It may occur that it is inappropriate for a High-Performance Program athlete, by reason of a health-related curtailment of activities, to participate in HPP training and competition activities for an entire program year. In such a situation, the following shall apply:
 - Any such determination shall be made collectively by the athlete, the athlete’s personal physician, the Freestyle Canada HPD, and the FC’s Chief Physician.
 - The athlete shall remain a member of the High-Performance Program and shall purchase a FC membership and an International Competitor’s License.
 - The athlete shall remain eligible for HPP clothing and other supplier pool goods, shall continue to be promoted in the FC Media Guide, and shall continue to be eligible for Sport Canada carding and Canadian Olympic and Paralympic Sport Institute Network (COPSIN) services.
 - A rehabilitation program for the athlete shall be developed jointly, by the athlete and the FC. The rehabilitation program shall be monitored by the FC and evaluated on a regular basis. The athlete’s return to full HPP participation shall be, in part, dependent on satisfactory completion of the rehabilitation program.
 - The rehabilitation program may include formal HPP training and entry into competitions, as well as physiotherapy, individual training, and other

rehabilitative measures. Any formal HPP training or entry into competitions shall be for rehabilitative purposes only. Evaluations or results from such training or entry into competitions shall not be used for the ranking of the athlete for HPP Team selections.

- The athlete shall be eligible to return to full HPP participation only after the FC determines that the rehabilitation program has been successfully completed.

9. Special Ranking Considerations

The selection committee may in some cases choose to select athletes out of the initial ranking order. In such case, the selection committee must record in detail the reasons for its decision. These reasons must support the program goals outlined at the beginning of this document.

Special ranking considerations include, but are not limited to the following examples:

- An athlete who is showing excellent results and increasing her or his performance results may be moved higher than their calculated ranking.
- An athlete who shows excellent physical characteristics (measurable in testing) and / or technical capability; may be moved higher than her or his calculated ranking. This is more likely to happen early in an athlete's career. Rational: in some stages of development an athlete may focus on training and not perform as well at competition.
- An athlete who has had opportunities and is not advancing towards the program goal may move lower than her or his calculated ranking.
- When there is a relatively narrow point spread between two athletes, there is greater chance of "out of order" selection.
- An athlete with strong work ethic and commitment to training opportunities may move ahead of an athlete who has not demonstrated these traits.

10. General

Issues not otherwise covered by this document are subject to the decision of the Chief Executive Officer of FC, in consultation with the selection committee.

11. Appeal and Hearing Process

Freestyle Canada is bound by the mandate of our organization, and in some cases our performance partners; every attempt is made to make decisions that are in line with those parameters. In the event that an athlete feels a decision was incorrect, he or she may launch an appeal.

The purpose of an appeal is to correct any missing or incorrect information or correct any procedures that were not properly followed by the Selection Committee or HPP staff. Appeals must be conducted in accordance with the Appeal Policy established by the FC. Policy can be found on www.freestylecanada.ski.

Appendix: HPP Mogul Ranking Criteria

Preamble

For an athlete to be ranked, they must normally:

- Be a FC member in good standing;
- Have competed in the Canadian National Championships in the current season;
- Have competed in at least 3 different qualifying competitions during current season, unless injured.

After analyzing the results from the past 10 years of mogul competitions, Freestyle Canada has updated the Placing Results Table and will use this for the 2020 – 2021 HPP Mogul Rankings. The updated tables are included.

Eligible Competitions:

Only competitions which are recognized as part of the current year's HPP will be considered when calculating the HPP Mogul Ranking. These competitions include three tiers:

Tier 1	Tier 2	Tier 3	COVID Consideration
FIS World Championships	FIS NorAms	Canadian Selection Events	Should there be an inadequate number of competitive opportunities ahead of select WC opportunities due to COVID restrictions, the HPP Selection Committee will look to create specific competitive opportunities for selection purposes.
Olympic Winter Games	Senior Canadian Championships		
FIS World Cups	FIS Junior World Championships		

Ranking criteria

Summary of final ranking score

- Scores and placings are converted to values based on the formulas outlined in the following section
 - Score values are worth 40% of the total ranking score;
 - Place values are worth 60% of the total ranking score.
- Athletes must use an average of their best 3 score values and an average of their 3 best place values
- Final ranking score: Once the average score value and the average place value is determined, the final ranking will be based on the sum of these two calculations

Establishing the values of scores and placings

- Scores: Each competitions' round is used to determine score values. Most of the time, this means 3 scores are considered from each event, depending on the

- format of the event.
- Places: Only the final placing for each event will be considered.
 - The best 3 score values from the season are averaged, subject to the limitations below:
 - The athletes 3 best score values are averaged. Single mogul qualification and final scores as well as duals qualification scores, if applicable, are eligible.
 - Out of the 3 best score values, a maximum of one (1) score value may be used from the Canadian selection competitions.
 - The best 3 place values are established and then averaged. Single mogul and duals are eligible, subject to the limitations below:
 - Out of the 3 best placing values, a maximum of one (1) placing value may be used from the Canadian selection competitions.
 - Dual placings are eligible in the following way:
 - Only top 8 placing are eligible to count.
 - Results from foreign competitors participating in Canadian Championships and Canadian Selection events will removed from the results for HPP Mogul Ranking purposes.

Ranking formulas

- 1- Values for: Placings based ranking - see “Placing Points Tables”
- 2- Values for: Competition scores
 - Score will be taken as percentage of the highest score in the same run;
 - The formula is: (score/winning score) x competition level handicap;
 - Score value will be calculated from either qualification or finals (of single mogul); only the highest value is eligible;
 - Score value is modified by competition level handicaps.

Competition Level Handicap

	FIS World Cup, World Championships and Olympic Winter Games	NorAm / Senior Canadian Championships / Junior World Championships	Canadian Selection Events
Men moguls	100	87.79	76.42
Women moguls	100	87.13	73.12

2020 - 2021 Placing Points Table – MEN

Place	Tier 1 (WC, WCh, OWG)	Tier 2 (NorAm, Canadians, etc.)	Tier 3 (Can Sel'n)
1	100	87.79	76.42
2	99.44	86.97	75.44
3	98.88	86.17	74.47
4	98.33	85.37	73.51
5	97.78	84.57	72.56
6	97.24	83.79	71.63
7	96.7	83.02	70.71
8	96.16	82.25	69.81
9	95.63	81.49	68.92
10	95.1	80.74	68.04
11	94.58	79.99	67.17
12	94.05	79.26	66.32
13	93.54	78.53	65.47
14	93.02	77.81	64.64
15	92.51	77.09	63.83
16	92	76.38	63.02
17	91.5	75.68	62.22
18	90.99	74.99	61.44
19	90.5	74.31	60.67
20	90	73.63	59.9
21	89.51	72.96	59.15
22	89.02	72.29	58.41
23	88.54	71.64	57.68
24	88.06	70.99	56.96
