## 1. Introduction

Freestyle Canada will allocate WC starts to members of our national team programs under the rules and guidelines of the FIS Quota Allocation system. Each year, FC is given a quota for each event which have been earned by our athletes' performance in the previous year. Details on how countries ear these quotas can be found on the FIS website. This document describes the process in which we allocate the FC FIS World Cup quota.

## 2. Mission and Philosophy:

### Mission

Freestyle Canada Mission: To develop athletes in a safe and ethical manner, who win medals at the Olympic Winter Games, the FIS World Championships and X-Games.

### Philosophy

Own the Podium reviews our plans and results before making a funding recommendation to Sport Canada. Their recommendation is based on our medal results from our athletes in the most recent Olympic Winter Games and the evidence that they are trending towards medals in the subsequent Games. While we would love to provide opportunity to all of our skiers, the reality is that quota spots are limited, and we must give priority to those athletes who have the strongest evidence of medal potential for the upcoming World Championships and Olympic Winter Games.

## 3. Preamble

The October - January World Cup (WC) events are important as these results will count towards the Georgia 2023 World Championships. Freestyle Canada will:

- Strive to balance opportunities to improve ranking. .
- Provide a transparent selection process for athletes eligible to ski in the events.
- All National team athletes, including NextGen, will be considered for the 2022-2023 World Cup events under the process.

## 4. HPP SS/BA Selection Committee

Under the authority of the CEO, the Selection Committee is responsible for all team selections and the allocation of quota for competitive opportunities.

The Selection Committee will consist of:

- Three voting members:

- National Team Lead Coach
- National Team Assistant Coach
- National SS-BA Team Manager / Coach
- High Performance Director (Chair) the Chair manages the a fair and accurate process.
- Non-voting members with critical input during the process:
  - National Team Strength and Conditioning Coach
  - NextGen SS-BA Head and Assistant Coach
  - Other team support staff as needed
  - Sport Science Sport Medicine Director
  - CEO

When relevant the Selection Committee will seek input from content experts, such as but not limited to, the HPP Manager, mental training consultants, strength and conditioning trainers, medical team members or others.

#### Meetings of the Selection Committee:

- Meetings may be held for selection, informational or performance planning purposes. The committee will meet frequently through the year after training camps and major competition blocks to discuss athlete performance and progress.
- The committee will meet at pre-established timelines outlined in section 6.3, events selections and in some circumstances.
- The HPD will chair meetings.
- Meetings may be held either:
  - Live:
    - i. in person,
    - ii. using technology (such as phone, web conference, etc.)
  - Non-live: using electronic means such as e-mail to share information and poll on positions.
- For live meetings: in the event one of the three voting members is not available, the Freestyle Canada CEO will appoint an equivalent replacement for that meeting.
- The committee will usually make decisions by consensus however, if a vote is necessary, it will be by majority.
- Selection committee members shall abstain from voting on matters that directly affect members of their immediate families.
- Meetings of the selection committee shall be open to members of the committee and invited guests only.

#### Documentation / Communication from Meetings of the Selection Committee:

- Notes from the meeting will be kept by HP staff and distributed to members of the selection committee.

- A summary of the decisions of the selection committee meetings shall be made available to interested parties on request; divisions will be notified of their availability.
- HPP staff will notify selected athletes in writing of the decisions of the meeting.

## 5. FIS Quotas

Nations receive an earned number of quotas spots for World Cups based on the following FIS criteria:

- *Basic Nation Quota: 1 woman / 1 man, per discipline*
- *Elite Nation Quota: Top 8 women / 10 men earned through the previous season's FIS Base list*
  - *An updated list will be used half-way through the year, date TBD.*
- *Additional Nation Quota: (based on last year's Final FIS rankings)*
  - *Up to 2 spots for women placed 9<sup>th</sup> – 20<sup>th</sup>*
  - *Up to 2 spots for MEN placed 11<sup>th</sup> – 25<sup>th</sup>*
- *Host Nation Quota: 3 women / 5 men*
- *Personal Spot WRT Finals (SS) 1 woman / 1 man\**
- *Personal Spot Continental Cups (5) 1 woman / 1 man per Continental Cup\**
- *Personal Spot World Cup Overall Winner 1 woman / 1 man per discipline\**
- *Personal Spot World Jr Champion 1 Man / 1 Woman per discipline\**
- *Additional Spots: Allocated as open spots allow with filed size caps for each discipline. Decided 38 days prior to 1<sup>st</sup> day of training.*
- *"Personal spots" are only available to the individual who earned the spot. If that athlete does not participate, the spot will be returned to the "FIS additional spot" pool.*
- Please refer to the FIS World Cup Rules on the FIS website for all details.

Freestyle Canada has been allocated the following base quota up to a maximum team size of ten plus personal spots:

<b>FIS QUOTA 2022-2023</b>				
<b>SLOPESTYLE</b>			<b>BIG AIR</b>	
WOMEN	MEN		WOMEN	MEN
2	4		3	3

In addition to the above FIS Nations Quota, Canada will also receive:

- FIS Additional Quota, this will be determined by the current FIS Points list updated throughout the year under the World Cup Rule process and can be found on the FIS website.
- Two Personal FIS Spots from the 2020-2021 season, the HPD will work with the relative coaches and staff to confirm of these spots for each event.
  - Rylee Hackler: Slopestyle / Big Air NorAm Champion, receives a FIS Personal spot for both Slopestyle and Big Air
  - Brynn Johnston: Jr World Championships Big Air Champion receives a FIS personal spot for both Slopestyle and Big Air World Cups.

## 6. FC World Cup Spot Allocations

### 6.1 Eligibility:

All athletes must:

- meet the FIS age eligibility to be considered for FIS event selection and
- remain in good standing with Freestyle Canada
- meet the below event specific benchmarks and /or expectations

### 6.2 Performance Considerations:

The following guidelines are discussed by the selection committee when determining the overall performance ability competitive readiness of the eligible individuals during each selection period:

- Major Event Eligibility: For Olympic Winter Games and sometimes World Championships there will be specific criteria for current ranked and eligible athletes to attain, these specific situations will take priority in the initial spots allocated.
- HPP Rankings (Appendix 1): the HPP rankings are used to determine the group of athletes who are to be considered for selection based on competitive readiness, It provides one perspective for podium potential.
  - When there is a relatively narrow point spread between two athletes, there is greater chance of “out of order” selection.
  - Exceptional Circumstances are discussed, described in section 7.
  - Any competition anomalies are acknowledged and discussed if they affect the ranking order.
- Individual’s Performance Plan (IPP) will be considered to determine if the ranking is a true picture of podium and performance potential. In some stages of development an athlete may focus on training and not perform as well at competition to target major events or achieve a certain competitive skill for long term success. Any weaker information / data in this process will not be considered a true indication of peak performance.
- An athlete who has had ample opportunities and is not advancing towards the program goal may move lower than her or his calculated ranking and may result in not being selected.
- Fitness: An athlete fitness levels may be considered (measurable in regular fitness assessments)
- An athlete who is tracking well with strong work ethic and commitment to training opportunities may move ahead of an athlete who has not demonstrated these traits when skill set is close between them.
  - Athletes who have reached major event podiums in recent years (i.e. Olympics, World Championships and X-Games).

- If a case presents itself, the selection committee reserves the right to select athletes to the World Cup Team based on Extraordinary Circumstance clause.
- Current season podium and top 12 are emphasised.

### 6.3 World Cup Selection Timelines:

The following dates are in accordance with the FIS World Cup Entry final deadlines and are also strategically planned around competitive and training blocks through the competitive season:

1. September 24th: Chur BA, Stubai SS, Falun BA, Copper BA
2. December 19<sup>th</sup>: France SS, Laax SS, Mammoth SS
3. February 4<sup>th</sup>: Tignes SS, Silvaplana SS

\*World Championship selection process and criteria is a separate selection criteria  
<https://freestylecanada.ski/policies/national-team-policies/>

## 6.4 2022-23 Athlete Selection Process:

Athletes will be selected to World Cup events based on the following process:

1. Current HPP Rankings (calculation process outlined in Appendix 1): this ranking is used to determine the pool of eligible athletes as well as provides a current analysis for competitive results to aid in World Cup selections along with the skill assessment in step 3 detailed below. The Current HPP Rankings are a combination of:
  - 2021-22 Final HPP Ranking: The calculation of all the HPP athletes 3 best point values for the 2022-23 FIS Competitive season This is used as the base of the Current HPP Rankings.
  - The Current HPP Ranking: The current season Tier 1 events are added to the previous season Final HPP Ranking (above) and updated after each event is completed. This creates a current HPP Ranking for consideration of World Cup spot selections. This is to ensure we are using current results in our competitive analysis,
2. World Cup spot selection skill analysis: The following skill assessment tool will provide the parameters to identify potential for World Cup and major event podium and World Cup Final performances. This process is executed by our hired experienced technical coaches who gain their past and current knowledge from training activities and competitions at the international level. The skill analysis will happen prior to each selection timeline listed in section 6.3. The analysis will occur and athletes will be ranked. Once the skill analysis ranking is complete, athletes will be selected to World Cups as per the selection timelines.

### SCALE GUIDE:

Comparable to current top performers		Consistency: completing skills
Not competition ready	1	0-49%
Doing in competition but not quality of top 50% of field	2	50-69%
Finals round quality	3	70-89%
Top 5 quality	4	90-100%

### SLOPESTYLE SKILL ANALYSIS - WC spot allocation

NAME	JUMP DD	QUALITY	RAIL DD	QUALITY	CREATIVITY: line, grabs, innovation, variety, features	QUALITY	CONSISTENCY: % achieving quality-full runs	SCORE	FULL RUN IMPRESSION	TOTAL SCORE	ATHLETE RANK
EXAMPLE	<i>sw-L-dub-14 &amp; L-dub16-belt</i>	3	<i>6on / 1-ski slide w switch up / flip off</i>	2	<i>one &amp; only rail skill, variety in features,</i>	4	85%	3	3	15	
<b>Current WC top skills will be entered to compare</b>											

### BIG AIR SKILL ANALYSIS - WC Spot allocation

NAME	JUMP 1 DD	QUALITY	JUMP 2 DD	QUALITY	CREATIVITY: style, grabs, height?	QUALITY	CONSISTENCY: % achieving quality jumps	SCORE	OVERALL IMPRESSION	TOTAL SCORE	ATHLETE RANK
EXAMPLE	<i>R-trip16-2xocto</i>	3	<i>sw-L-dub-14 Buick grab</i>	2		3	85%	3	4	15	
<b>Current WC top skills will be entered to compare</b>											

Freestyle Canada is not required to fill all available FIS World Cup quota spots. If additional spots are available and Freestyle Canada chooses to fill them, they may be allocated to eligible FC-HPP athletes.

An athlete who was previously allocated competitive opportunities and is not achieving their benchmarks or performance standards may be withdrawn by the Selection Committee. A decision to withdraw an opportunity will never be taken lightly and all the performance considerations will be discussed as well as all decisions will be documented in the meetings of the selection committee.

## 7. Exceptional Circumstances for WC Spot Allocations:

Injuries in 2021-22 FIS competitive season:

Should an eligible National Team athlete be injured for two or more events in the 2022-23 season, the selection committee will discuss the Performance Considerations in section 6.2 to determine the athlete’s readiness for future competitions in the 2022-23 season.

2021-22 Final HPP Rankings: The following process was followed to use past results for athlete with athletes who fit the Exceptional Circumstances clause in the 2021-22 FIS competitive season:

An athlete who is progressing in their career but has a setback due to an injury, a death in the family or similar life experience could be afforded additional flexibility when it comes to HPP Slopestyle / Big Air Rankings, these situations are referred to as “Exceptional Circumstances”.

If during the current season, an athlete has missed the following number of starts due to Exceptional Circumstances:	Then the athlete may use up to the following from the previous season:
Entire season	<p>Selection period will be extended backwards to a maximum of one full FIS season.</p> <p>The athlete’s top 3 placing point values will be taken from the previous year and entered the current year’s HPP Rankings to be considered for selections.</p>
Partial season missed, minimum 2 starts	<p>Considered events will be taken from the individual’s injured period and extended backwards to a maximum of one FIS competitive season. Events considered will be the same number and level of events missed.</p> <p>Example: if an athlete was injured during the period of January 5<sup>th</sup> to March 30<sup>th</sup> in the current season and missed two Tier 1 boosted events, FC staff will go back and select the athlete’s best two Tier 1 boosted events</p>

	within January 5 <sup>th</sup> – March 30 <sup>th</sup> from the previous season.
--	---

1. The selection committee has the discretion to use the Exceptional Circumstance clause for special cases. This is more likely for athletes with a significant body of recent WC results (medals, top 6, or top 16 at major games or X-Games). This may include expanding the backwards extension of the selection period, or other adjustments to meet the special case.
2. Any injury must be evaluated and validated by a FC medical staff member. The purpose of the medical assessment is to confirm the degree of the athlete's injury and the anticipated time of the athlete's recovery.
3. The selection committee, with input from medical experts, may prevent an athlete from entering an event if the pace of the athlete's rehabilitation from injury warrants doing so.
4. It may occur that it is inappropriate for a High-Performance Program athlete, by reason of a health-related curtailment of activities, to participate in HPP training and competition activities for an entire program year. In such a situation, the following shall apply:
  - Any such determination shall be made collectively by the athlete, the athlete's personal physician, the Freestyle Canada HPD, and FC's Chief Medical Officer.
  - The athlete shall remain a member of the High-Performance Program and shall purchase a FC membership and an International Competitor's License which is part of their team fee.
  - The athlete shall remain eligible for HPP clothing and other supplier pool goods, shall continue to be promoted in the FC Media Guide, and shall continue to be eligible for Sport Canada carding and Canadian Olympic and Paralympic Sport Institute Network (COPSIN) services until financial support is depleted.
  - A rehabilitation program for the athlete shall be developed jointly, by the athlete and the FC. The rehabilitation program shall be monitored by the FC and evaluated on a regular basis. The athlete's return to full HPP participation shall be, in part, dependant on satisfactory completion of the rehabilitation program.
  - The rehabilitation program may include formal HPP training and entry into competitions, as well as physiotherapy, individual training, and other rehabilitative measures. Any formal HPP training or entry into competitions shall be for rehabilitative purposes only. Evaluations or results from such training or entry into competitions shall not be used for the ranking of the athlete for HPP Team selections.
  - The athlete shall be eligible to return to full HPP participation only after the FC determines that the rehabilitation program has been successfully completed.

## 8. General

Issues not otherwise covered by this document are subject to the decision of the Chief Executive Officer of FC, in consultation with the Selection Committee.

## 9. Appeal and Hearing Process

Freestyle Canada is bound by the mandate of our organization, and in some cases our performance partners; every attempt is made to make decisions that are in line with those parameters. In the event that an athlete feels a decision was incorrect, they may launch an appeal.

The purpose of an appeal is to correct any missing or incorrect information or correct any procedures that were not properly followed by the Selection Committee or HPP staff. Appeals must be conducted in accordance with the Appeal Policy established by the FC. Policy can be found on [www.freestylecanada.ski](http://www.freestylecanada.ski)

## Appendix 1 – Calculation of Slopestyle / Big Air HPP Rankings

Point Values are determined from the final placing an athlete receives in a recognized competition. All competitions are factored based on the Tier and Value – please see Appendix 2 for a sample Points Value Table.

The sum of 3 best point values, within the selection period, will be calculated using one of the following combinations:

<b>Group</b>	<b>Combination of Results</b>
World Cup Team	<p>The sum of each athlete’s three best Point Values will be considered using one of the following four options:</p> <ul style="list-style-type: none"> <li>• one from Slopestyle and two from Big Air</li> <li>• two from Slopestyle and one from Big Air</li> <li>• three from Slopestyle</li> <li>• three from Big Air (max 2 spots per gender for team selections)</li> </ul>
NextGen Team	<p>The sum of each athletes three best Point Values will be considered (using one of the following three options):</p> <ul style="list-style-type: none"> <li>• one from Slopestyle and two from Big Air</li> <li>• two from Slopestyle and one from Big Air</li> <li>• three from Slopestyle</li> </ul> <p>*a NG Athlete must use a combination of Slopestyle and Big Air results – they cannot only use Big Air results</p>

Eligible events and placing values are categorized in three different tiers as described below.

Identifying & Valuing the rating of events:

COMPONENT	DETAILS
<b>ESTABLISHING THE HPP TIER (based on the level of the event):</b>	
TIER 1	FIS World Cups and Major Events / Identified independent events
TIER 2	FIS NorAms and identified Independent
TIER 3	Canada Cup and identified Independent events
<b>VALUE OF THE TIERS</b>	Tier 1 is the highest valued events, then Tier 2. Tier 2 is valued more than Tier 3
	Each Tier can be given more detailed value: "Neutral, "Boosted" or "Diminished" based on the below guidelines
	There are 5 values within a tier: <ul style="list-style-type: none"> <li>• Boosted: + 15 &amp; +7.5 or</li> <li>• Neutral or</li> <li>• Diminished -7.5, &amp; -15</li> </ul>
<b>PLACING VALUES</b>	The placing values are established by the Tier and then if it is Neutral, Diminished or Boosted.
	Have a diminishing value from 1st place to last place in the event.
	There is an "R-Value" for each Tier which is the rate of diminishing value for each placing and it is relative to the value and tier of the event. Please see Appendix 2.
<b>ESTABLISHING EVENT VALUES</b>	
COURSE DETAILS	Quality of course overall; features, layout or flow of course, quality of jumps or Pipe - wall & transition
JUDGING	Quality judging throughout the heats within the phases, accurate scores and placings at the end of the event
CALIBRE OF FIELD	SKILLS: overall level and quality of skills performed in the top 10 for Women, Top 20 for Men
	COMPETITORS: did the top skiers participate? Countries attending, Current FIS rankings are referred to
	NOTE: FIS rankings can change week to week and so establishing the value will fluctuate based on the current FIS rankings
	Injured top athletes not present will also be taken into consideration
COURSE CONDITIONS	weather delays, snow conditions, wind, maintenance of venue
FIELD SIZE	total field size without DNS, # of countries
EVENT FORMAT	was the format conducive to a quality event?
	Were the heats fairly designed: size / good distribution of calibre of athletes
	# of heats in each phase
	# of runs within each heat

**Ranking Criteria Notes:**

- Event values will be established after the event is complete to ensure accurate values are used for final rankings
- Values of events can be changed throughout the season. This would be done to ensure the events are fairly valued comparatively with all events throughout the season
- The selection committee reserves the right to determine that an event will not be recognized for ranking or selection purposes up to two weeks prior to the first training day
- Within two weeks after completion, an event will be valued and may be shifted into a different tier to accurately value the event
- Value of events are determined as follows:
  - The HPP Selection Committee will determine the value of the Tier 1 events
  - The HPAD advisory group will value the Tier 2 and 3 events.
  - These committees may decide to add eligible events with a minimum of 3-weeks' notice prior to the first competition day of that event.

## Appendix 2 – Placing Value Charts
